1. The Amendment filed on 03/16/2007 has been entered. Claims 1-10 are pending in this Office action.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Regarding claim 1, in line 11, "said data bytes" has been changed to -- data bytes --; in line 12, "said bytes" has been changed to -- bytes --.

Regarding claim 5, in line 10, "said data bytes" has been changed to -- data bytes --; in line 11, "said bytes" has been changed to -- bytes --.

Regarding claim 6, in line 11, "said data bytes" has been changed to -- data bytes --; in line 12, "said bytes" has been changed to -- bytes --.

Response to Arguments

3. Applicant's arguments, see Applicants' Remarks, filed on 03/16/2007, with respect to claims 1-4 and 6 have been fully considered and are persuasive. The rejection of claims 1-4 and 6 has been withdrawn.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

4. The present invention is directed to a method for mitigating service outages in a digital broadcast system. Each independent claim identifies the uniquely distinct features "*said first interleaving pattern and said second interleaving pattern being operable, respectively, to delay transmission of selected data bytes in said first broadcast channel and said second broadcast channel with respect to corresponding bytes in said second broadcast channel and said first broadcast channel by a period of time that is selected to reduce service outages*". The closest prior art, Mansour et al. US 6,353,637 B1 disclosing a multistream in-band on-channel systems, either singularly or in combination, fails to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
